PROFILE SUMMARY

I am a dedicated and aspiring .NET developer equipped with a solid foundation in Information Technology from Magadh University, where I completed my Bachelor's degree. I have basic knowledge of C#, ASP.NET, and SQL Server.

I am procuring a .NET course at Nareth IT, where I acquired strong knowledge in HTML, CSS, JavaScript, C#, ASP.NET, and SQL Server. Now, I am eager to leverage my education and experience in a .NET developer role, contributing to innovative projects and continuously learning and growing in a dynamic environment.

PROJECT

Designed and developed a CRM system managing user roles including Clients, Salesmen, Depo (Wholesalers), and Owners.

- **Implemented key functionalities,** such as product management, order booking, client details management, and order tracking, using ASP.NET MVC and Entity Framework.
- **Created SQL database models** for products, orders, and user management, ensuring seamless interactions between entities and efficient data handling.
- **Developed user interfaces and workflows** for booking orders, managing products, and viewing order history tailored to each user role.

TECHNICAL SKILLS

- **RDBMS:** SQL Server.
- **Language**: C#.
- **Frontend Technologies:** HTML, CSS, JavaScript, React.js library and Bootstrap.
- **Framework**: .NET CORE.
- **Operating System:** Windows 10 & 11.
- **Source Controller:** Azure, Git and GitHub .
- **Other Tools:** Visual Studio, Visual Studio Code and Postman.

CERTIFICATIONS

- HTML certificate from KG Coding link.
- JavaScript certificate from KG Coding link.
- React & Redux certificate from KG Coding link.

EDUCATION

Naresh I Technology   2024
- .Net full stack course

Magadh University   2020 - 2023
- BCA (Bachelor of computer application) from bihar.

SOFT SKILLS

- Time Management
- Team worker
- Communication Skills.
- Critical Thinking

STRENGTHS

- Good in working with conditional Statement.
- Having a good knowledge in debugging and analysing the code
